TECNIPLAST®
innovation through passion™

1/Laboratory Table

Suitable for various needs: from cage changing to animal weighing. Supplied with two shelves with rounded edges for complete safety.

2/Cage transport trolley

Suitable for the transport of stacked plastic cages, bedding and feed bags, etc.

Ergonomic shape ensures easy, safe movement. Supplied with a Stainless Steel (AISI 304) shelf and front fenders.

3/Feed container

The trolley has two separate 80 lt. bins to take two different types of feed. Separate lids seal off the two bins avoiding contamination from the outside. The inner floor of the two bins is made of perforated Stainless Steel sheet to minimise build up of dust during normal use. The dust residue falls into removable collection trays positioned below.

[The following models are also available: FEED CONTAINERS with only one compartment - GLASSWARE TRANSPORT UNITS - OTHER TROLLEYS on demand].
