

- A complete bottle handling system in only 3 meters
- Designed to operate in conjunction with IWT's extensive range of logistics products
- Flexible configurations
- Easy to install and simple to use

WASHING

1/ A complete bottle handling system in only 3 meters

Easy EWF is IWT's new in line integrated emptying, washing and filling system for bottle processing. As a solution working together with IWT's dedicated logistics products, Easy EWF can free staff from many of the repetitive, physical tasks of handling heavy bottle crates. The Easy EWF integrated bottle handling system offers a high, continuous throughput of bottles in a very limited space with a workflow designed for ease of use by the operator.

2/ Bottle washer with dedicated wash nozzles

The washer features 36 stainless steel fixed nozzles, ensuring all internal bottle surfaces are thoroughly and consistently cleaned. Rotating arms above and below the bottles provide effective rinsing. The movement range provided by the manual hood allows the operator excellent access to the washing chamber. 5 washing cycles are available.

3/ Flexible configuration

IWT designed the Easy EWF as 3 separate modules so that you can site them to match your desired workflow. A wide range of available accessories can further enhance the Easy EWF:

Magic bottle cap remover: this cost-effective solution allows bottle caps to be removed using compressed air, reducing the RSI risk to the operator.

Acidification unit: a fully electro polished version of the filling table is available. This can be supplied with a pre assembled acidification unit, which can be fitted underneath the filling table.

Filtration unit: this wall mounted system consists of filter cartridges from 10 to 0.2 micron, ensuring the removal of bacteria from supply water.

Accessories

- S/s crate for 18 bottles (9LBCBM18---)
- S/s universal mesh crate for caps (LBCBMMAGIC)
- S/s universal mesh crate (9LBCA---)
- S/s bottle crates transport trolley with drawers (ACCACBO---)

TECHNICAL SHEET

Specifications and Dimensions

Easy EWF Series Bottle Handling System					
Code	Doors	Heating System	Overall Dimensions (W x D x H) mm	Usable Wash Dimensions (W x D x H) mm	Loading Capacity
9WEZ (*)	Hood	Electric	635 x 735 x 1930	500 x 500 x 300	2 x 18 IWT bottle crates
9ETABEZ (**)	-	-	1200 x 735 x 860	-	-
9FTABEZ (***)	-	-	1200 x 735 x 860	-	-
9FTABEEZ (***)	-	-	1200 x 735 x 860	-	-

(*) Electrical supply: 400V 50Hz three-phase+N+E ; Water: ¾"G - 2 to 3 bar - 50 to 60°C

(**) Water: 2 x ½"G - 2 to 3 bar - cold & hot

(***) Electrical supply: 230V 50Hz single-phase+N+E ; Water: ½"G - 2 to 3 bar - animal drinking water

Notes: Height is calculated with open hood.

IWT will provide mechanical information, service requirements and detailed installation drawings on request.
